

**PATIENT TESTIMONIAL:**

*"Dr. Jabaly has truly inspired my daughter to become a doctor. His work is incredible. She admires him. She has lost over 25 pounds from July. She went from a size 16 to a size 12, and the pounds are just melting off with ease! Her school pants are all falling off; they are all loose. Now, being in tennis, she has much more energy, and is very bubbly and full of life. She is also sleeping much better. She even had to take a dress she purchased recently and take it all in. She is just so happy now."*
